BOSTON STRUCK BY TIDAL WAVES

Twelve-Foot Tide and Sixty-Mile Gale Combine to Cause Damage on Eastern Coast

Vessels Fail to Make Port As Violent Wind Whips Massachusetts Shores.

(By Associated Press)

Boston, November 23.—A tide which, backed by an easterly gale attained a rise of 12 feet, ran over wharves on the water front today, wrought confusion to shipping at anchor and caused washouts on railroad tracks along the shore. It was the highest tide of the year and the stiffest gale. The wind reached a velocity of 60 miles an hour on harbor gauges and came freighted with rain.

Only three vessels approached the port during the forenoon and none of these could dock. Streets were inundated, houses flooded and a warehouse which has been a landmark at Fort Beach, Marblehead, for nearly a century, was blown down.

FLOUR IS OFF NOW SELLS AS LOW AS \$8.40

Minneapolis Prices Follow Wheat In Decline

(By Associated Press)

Minneapolis, Minn., November 23.—In line with yesterday's break in the wheat market flour extended its decline of yesterday with an additional break today of 20 cents in the price for family patents.

Although one large mill's quotations were unchanged another flour house decreased its prices to \$8.40 from \$8.60. Quotations in the flour market here today range from \$8.40 to \$9.

Whole Question of Intervention May be Reopened by Failure Of Council to Act

Committee Named to Examine Into Details of Proposed Intervention

Respective Powers of Assembly And League Big Problems

(By Associated Press)

Geneva, Switzerland, November 23.—A clash between the Council and the Assembly of the League of Nations on the question of the carrying out of the Assembly's resolution of yesterday for intervention in the Armenian situation, loomed a possibility today as the Assembly met for today's session.

The subject of Armenia was early to the fore, the chairman announcing the make-up of the committee to examine into the details of the eventual intervention.

The committee is headed by Lord Robert Cecil, of the Union of South Africa delegation, a strong proponent of help for Armenia, and Rene Viviani, of France.

The possibility was seen the failure of the Council of the League to act last night on the Viviani resolution might provoke another debate on Armenia and raise the entire question of the Council and the Assembly.

The respective powers of these bodies appears one of the biggest questions before the Assembly. The clash on this subject would naturally come in discussion of the report of the organization committee in regular court but it could easily be precipitated by refusal of the Council to carry out any resolution of the Assembly.

FORCE REDUCED TO CUT PAYROLL ERIE RAILROAD

Ten Per Cent. Lopped Off By Dropping 1400 From Payroll

(By Associated Press)

Youngstown, O., November 23.—A reduction of ten percent in the payroll of the Erie Railroad, Ohio Region, extending from Salamanca, N. Y., to Marion, Ohio, has been accomplished by laying off approximately 1400 employees due to slack business, W. A. Baldwin, regional manager, stated here today.

He said the traffic slump is about 25 percent.

BIG COTTON OIL PLANT CLOSES

DUBLIN PASSES A QUIET NIGHT

All Train Service is Resumed At Riot-Torn Irish City.

Curfew Order Strictly Observed By Inhabitants

(By Associated Press)

Dublin, Ireland, November 23.—All train services in and out of Dublin were resumed this morning after the city had passed a quiet night, following Sunday's bloodshed and the raiding activities of yesterday.

The curfew law was strictly obeyed. The night, however, did not witness any let up in the work of the military, who were continuing their minute search of the city, presumably for suspects in connection with Sunday's assassinations.

Before the curfew-hour, several of the streets were surrounded by barbed wire barriers and the soldiers examined all persons passing.

CONSTANTINE DENIES INVITE TO EX-KAISER

Indignantly Stamps Rumor Of Invitation As a "Lie."

(By Associated Press)

London, November 23.—Ex-King Constantine of Greece has emphatically denied reports that he had invited former Emperor William of Germany to go to Corfu, where the former Emperor was a resident, says a dispatch to the Daily Mail from Lucerne.

The correspondent reports that when Constantine was asked whether the story were true, he indignantly characterized it as a "lie."

BUSINESS LACKING "MORAL FIBER"

Loose Business Methods Responsible for Heavy Loss.

Cancellation of Contracts Is Blamed for Present Confusion

National Association of Credit Men Hears Address.

(By Associated Press)

New York, November 23.—Loose business practices throughout the country in recent months have led to the loss of \$250,000,000 through the cancellation of orders of merchandise, it was declared here today in a statement by H. F. Barker, an official of the National Association of Credit Men.

Mr. Barker, who is chairman of the co-operation and credit method executive committee of the association, declared that a "surprising lack of moral fiber" has been revealed in a survey of the cancellation practice and that of indefinitely holding up orders for later instructions.

During recent months, when markets were depressed, Mr. Barker said, other "questionable practices" were commonly resorted to, including neglect of purchase agreements when commodities could be sold at higher prices. This lack of good faith caused enormous injury to business, he declared.

Mr. Barker advised business men to make their credit terms short and collections prompt, saying that while recuperating from the ills of inflation no course is safe other than to confine sales to actual value.

TURKEYS ROOST HIGH IN PRICE IN METROPOLIS

Thanksgiving Bird Will Cost 52c to 54c Per Pound.

Price of Cranberries, Too, Is Record-Breaking "High"

(By Associated Press)

New York, November 23.—New Yorkers who express their annual thanks through the usual medium of Turkey, the traditional Thanksgiving day bird, will have to pay from 5 to 7 cents a pound more than last year.

Mrs. Louis Reed Weizmiller, deputy commissioner of public markets, said today that the prevailing wholesale price was 52 to 54 cents a pound, which she characterized as excessive, in view of the fact that the birds are more plentiful this year than last.

She also deplored the high price of cranberries, a junior partner on Thanksgiving menus, which are retailing at 20 cents a pound.

WOMAN SHOTS HER FRIEND AND THEN KILLS SELF

Mrs. Ada McGowan, above, and Miss Carolyn Weant.

Insane jealousy, fostered by love of one woman for another is believed to be the underlying cause of the unusual tragedy at Fulton, Mo., recently. Miss Carolyn Weant, ten-nine, shot to death Mrs. Ada McGowan, her inseparable companion, and then killed herself with the same weapon. The two had been friends for years. Their love for each other was often commented upon by "their friends."

1200 RETAILERS FORM NEW BOARD FOR PROTECTION

(By Associated Press)

New York, November 23.—Representatives of more than 1200 retailers of clothing, dry goods, shoes and millinery throughout the country organized a council of National Retail Associations here today in an effort to meet the crisis in the retail trade due to steadily falling prices.

The organization meeting was held behind closed doors but it was learned the council is composed of representatives of the National Retail Dry Goods Association, The National Association of Retail Clothiers, The National Garment Retailers, National Shoe Retailers' Association of the United States, and the Retail Milliners' Association of America.

PROHIBITION FORCES DEMAND CORRECT COUNT

Claim Watkins Polled 5,000 to 10,000 Votes Not Counted

(By Associated Press)

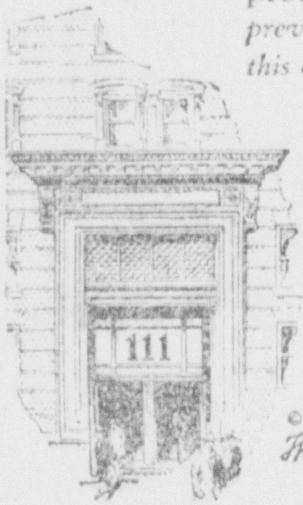

Columbus, O., November 23.—Prohibitionists at a meeting here Friday will determine what action they will take to obtain a correct count of the vote cast for Watkins, their presidential candidate, in Ohio.

They contend from 5,000 to 10,000 votes for Mr. Watkins were not counted by election officials.

The official vote as announced by the Secretary of State gave Watkins 294 votes in the entire state. The prohibition ticket was not on the general election ballot.

STREETS IN URGENT NEED OF FLUSHING

The up-town streets are in urgent need of flushing, due to an accumulation of refuse and filth following the recent snow.

Some of the street crossings are in such condition that it is with difficulty that pedestrians cross without having their shoes covered with mud.

EVANGELIST GIVES FORCEFUL ADDRESS

In spite of the handicap of rain and snow an appreciative audience greeted Evangelist Joseph E. Thompson at the Church of Christ Monday evening.

The subject was "The Deacon's Sermon" and the speaker depicted the earnestness, courage, consecration and power of a deacon in the primi-

tive church. He emphasized the absolute necessity of this type of consecration today if the church is to meet the crying need of the hour.

Music was rendered by a choir of nearly thirty, led by Director R. E. Eddins, the singing evangelist. Mr. Eddins' solos and his work as chorus leader are proving features of the meetings.

The subject announced for Tuesday evening was "Jesus Sermon."

ORGANIZING NEW MEAT MARKET CO.

A movement was launched in this city Monday for the organization of a new meat market company, to be capitalized at \$10,000 and with shares of stock selling at \$100 per share.

It is the announced purpose of those back of the new company to sell all kinds of meat at the lowest possible price and leave a reasonable profit. Two or three stock subscription blanks were in circulation and Tuesday at was announced that more than half of the capitalization had been obtained.

As soon as the shares are sold, formal organization will take place and the new company expects to be selling meats within a very short time.

DIES IN HARNESS OWNER QUESTIONED

While Dana Robertson, of Osborn, was enroute to Kentucky, Sunday morning his horse fell in the harness and died a few miles south of this city on the Greenfield pike.

He was in company with another man who also had a horse and buggy and they camped Saturday evening along the road. Robertson's horse was sick during the night and he had driven it about four miles Sunday morning when it died on the road.

Neighbors became suspicious thinking that probably the horses had been stolen, and notified the police. Chief Moore and Deputy Nelson brought Robertson to this city but he soon cleared himself and was sent on his way.

Shorty drops in on New York!

HERE WE'ARE, PETE!

New York
Wednesday night

Camped once more in the plumb centre of our old stamping grounds—rubbing elbows with the roaring racket and running flush into more electric displays, blazing posters and smashing signs that sound the joys of Camel Cigarettes than you'd ever believe could be jammed into one town!

When I hit Broadway this p. m. I'd said the Reynolds folks had transplanted "Camel City" right up here!

It seems like all New Yorkers have adopted Camels as their own personal brand! And, Pete, since this is the original speed town it's only what you expect when you see 'em carry a package of Camels in each coat pocket. If their right hand is busy, they dig out their left hand deck—they just won't lose time getting a Camel lighted! That's the gait around here, old thorbred!

And, Peter, the New Yorker has his own A-1 pet reason why he's so keen for Camels. For instance, Doc Marshall will bet his car on Camels quality against any cigarette in the world! Bill James says to me—"Shorty, there never was mild, mellow body like Camels." And, as for Dan Boggs—he spills it that Camels are the only cigarette free from any unpleasant cigarette aftertaste or cigarette odor! And, he knows! Frank Frazer will tell you it's Camels wonderful Turkish and Domestic blend! And all of them are right!

And, Pete, old proof-of-the-pudding—you tell 'em that Missouri hasn't anything on little old New York when it comes to that "show me" stuff, on cigarettes or anything else!

Sincerely

Shorty

THE RELIEF I GOT FROM TAKING DRECO IS MARVELOUS

Felt like he was being bent backward over a barrel. His suffering was intense. Found relief in Dreco, the great root and herb remedy.

"It is wonderful the relief I got from taking Dreco, for I felt like my back would break when I started on my first bottle," stated Mr. George Snyder, of 1105 First St. Findlay, Ohio. Mr. Snyder is the well known truck farmer who has lived in this city thirty years. "I ached all over, my liver was sluggish and whole system in a rundown weakened condition. As soon as I started taking Dreco I felt better, my bowels acted freely and my kidneys were flushed off. I began to feel sound and my appetite increased. My entire system now seems to be cleaned out, and my body is free from pain. I feel

good all the time and give all the credit to Dreco. It sure is one fine medicine."

Dreco is the pure liquid extract of many roots, herbs, barks and leaves, which act on the vital organs of the human body. After taking Dreco, it is noticed that the stomach is soothed and the gassy condition is eliminated the liver becomes active, relieving headaches, that dull, tired out feeling; nerves are quieted, which induces sound sleep; the kidneys are strengthened; appetite increased; bowels act with ease and regularity, and the whole system takes on renewed energy, vigor and vitality. Dreco is harmless, pleasant to take and the effects are quickly felt.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Advt.

TRIAL UNDER WAY OTHERS CHARGED WITH BOOZE SALE

Witnesses Testify To Many Purchases of Jamaica Ginger of Marlier.

Trial Continues With Trial Of Two More Men To Come At Once.

Two new developments in connection with the war on the sale of intoxicants in this city occurred Tuesday morning, the first being affidavits issued against Milton Easton and Charles Mann charging them with keeping a place where intoxicants were sold and other developments being the testimony of numerous witnesses that they had purchased Jamaica ginger at the French Restaurant, using it for beverage purposes.

The hearings of Easton and Mann were to occur soon after the trial of Jules Marlier, charged with keeping a place.

Marlier's hearing was opened before Mayor V. J. Dahl, with Solicitor Troy T. Junk and former solicitor, Pope Gregg and T. B. Jarvis, special representative of the Ohio Anti-Saloon League, representing the state, and J. D. Post representing Marlier.

Numerous witnesses were offered in support of the charge against the defendant, and most of these testified to purchasing a number of bottles of Jamaica ginger at the Marlier restaurant, and of mixing with some soft drink and using it as a beverage.

As usual in such a case a crowd of curious persons thronged the Mayor's office during the course of the hearing.

At the noon hour the evidence submitted by the state was virtually all in, and the hearing was resumed at 1:50 with indications that it would be finished late in the afternoon.

A stenographer was present to take down the testimony.

Mr. Vanderlip Again Talks

Mr. Washington D. Vanderlip is assuredly a talkative person and he always conveys in his talks some rather startling bit of news. Mr. Vanderlip is the American who "just as he was about to board a special train" in Russia a few weeks ago gave out the sensational interview about a deal he was arranging by which Soviet Russia was to obtain one billion dollars worth of needed supplies from the United States, through a syndicate Mr. Vanderlip was representing, and that syndicate was to receive, in return, vast concessions from the soviet government.

America didn't accept Mr. Vanderlip's statements without several grains of salt. He persists, however, in reasserting that the big deal is going through.

Incidentally Mr. Vanderlip remarks that Lenin isn't such a bad sort after all, and that the Russian dictator has given up the idea of bringing the whole world under the dominion of sovietism.

It is not remarkable that Mr. Vanderlip should see in that Lenin who holds out to him and his associates fabulously rich concessions and promises of easy money in unlimited quantities, an entirely different Lenin from the one the world has come to know from his record in Russia, the operation of his agents in other lands and their preachings of destruction, revolution and anarchy.

Perhaps Mr. Vanderlip and his associates only have succeeded in getting acquainted with the real Lenin, but one can't help a feeling of antagonism toward Mr. Vanderlip's proposal. It has an unpleasant look. Either he is trying to put over a sharp deal to bait American investors or we have all been misled miserably about Russia and Lenin. Mr. Vanderlip has a very unpleasant manner of stating his proposals, to say the least, and he is evidently talking too much.

The Immigration Flood

Immigration continues to pour into America, through our great ports of entry, in an unprecedented and menacing flood. The oppressed of all lands, many of whom, it is true, bringing the mentality and the spirit which, if it is properly directed, gives promise of developing into good citizens. The great majority of them, though, come possessing a feeling of hatred for all governments, including our own, and a feeling of deep resentment toward their more fortunate fellow men. Those are the undesirables whom America can not, with safety, and should not permit to land in America.

More than two years have gone by and our law makers have done nothing to check this tide. Already there are bitter complaints being urged against the administration by the unthinking. It has become a habit to blame all our ills on the administration—the executive branch of it—without seeking further in the effort to locate the fault.

Our immigration laws are not what they should be. If America is to be protected against the millions of undesirables who will flee from Europe to America the executive department must be given laws to execute.

If our congressmen would do less useless probing, take fewer junketing tours to the Orient and give less attention to politics we would make more progress.

All Kinds in a Week

If we can and will accept last week as a fair sample, people who desire a change of climate need go no farther than Ohio. They will be able to get any kind of weather they want right here at home if they will only sit still and wait long enough, and the rapidity with which last week's weather changes were staged seems a guarantee that no one will be required to wait very long for a change.

Tuesday morning brought us a heavy snow, nearly seven inches on the level, and icy blasts out of the north and northwest—some real genuine winter weather.

Wednesday a change "for the better" occurred and on Sunday we had real spring weather and thunder showers.

From a Hudson Bay country snow storm to a spring thunder storm all in one week gives one a rapid change in climate which could not be secured by travelling on the fast trains in twice the time. All kinds of weather in four days. No need to go away and spend money for a change.

POETRY FOR TODAY

I REMEMBER

Ah, that tree; I have sat in its boughs and looked seaward for hours.
I remember the creak of its branches, the scent of the flowers.
That climbed round the mouth of the cave; it is odd I recall.
Those little things best, that I scarcely took heed of at all.

I remember how brightly the brass on the butt of my spy glass gleamed As I climbed through the purple heather and thyme to our eyrie and dreamed;
I remember the smooth glossy sunburn that darkened our faces and hands
As we gazed at the merchantman sailing away to those wonderful lands.

I remember the long, long sigh of the sea as we raced in the sun,
To dry our selves after our swimming and how we would run
With a cry and a crash through the foam as it creamed on the shore,
Then back to bask in the war dry gold of the sand once more.

—Alfred Noyes.

REAL MYSTERY PLAY THRILLS IN INTEREST

Those who enjoy a real mystery story and with it a thrilling love story have in store delightful entertainment at the Wonderland theater, where Olive Tell is starring in "Love Without Question" through Wednesday.

The play is adapted from "The Abandoned Room" by C. Wadsworth Camp—Silas Blackburn has been found mysteriously murdered in the abandoned room with both doors and windows locked from the inside. His ward, Katharine, and his grandson, Robert, are suspected as circumstances point to them as the guilty parties. The solving of the mystery supplies the screen with the most absorbing drama seen for some time.

Miss Tell proves a most suitable star, her adaptable personality and unquestioned ability giving value to her every act.

Woman Thinks She Is Privileged To Talk

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for short while. Two years ago last February I took a treatment of Mayr's Wonderful Remedy and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer Tanquary, Frank Christopher and druggists everywhere.—Advt

TEN YEARS AGO

(Herald News This Date 1910)

Owing to congestion of traffic on all railroads entering Washington, our people are seriously threatened with a coal famine. At present the supply is very low with absolutely no anthracite coal in the city.

The local dealers charge the condition to the railroad company, alleging that they have had cars on the road from the mines for over 30 days. This, with Washington an average of 75 miles distant from the mines, makes the condition alarming in the extreme.

Gasoline "Boiling Points" —and Piston Rings

WET gasoline vapor or raw gasoline breaks down the lubricant in the cylinder. This causes worn piston rings and power loss.

The gasoline with a complete chain of boiling points gives the quick vaporization which prevents wet vapor or raw fuel from entering the cylinder.

Red Crown Gasoline is a uniform fuel with this essential chain of low, intermediate and high boiling points which insures more complete vaporization at every engine speed.

SOCIAL : PERSONAL MENTION : CLUBS

Miss Dorothy Rogers, pretty and accomplished daughter of Mr. and Mrs. W. B. Rogers of this city, who is a student in Columbia University, New York, this year, is having a pleasant diversion from her studies, as well as demonstrating her remarkable talents as a teacher. The opportunity came to Miss Rogers to visit Edgewater, N. J. to inaugurate a study of story telling with the Mother's Club of the city. She is spending this week end there with Club officers and members, her parents have learned. She will meet the Club officials once a month to instruct the members in the art and manner of telling stories to children.

Miss Rogers' friends here will be pleased to know that her talents have been so quickly recognized in the big university, and that she is finding such a delightful diversion from her classroom work.—Wilmington News Journal.

Ninety-seven years old and yet she's an active member of the American Red Cross and taking a keen interest in the Fourth Roll Call, which will continue through Thanksgiving Day.

The distinction of being the oldest member of the Red Cross in Lake Division—Ohio, Indiana and Kentucky—belongs to Mrs. Hulda Oglebee, Bellaire, Ohio. She's a member of Bellaire branch of Belmont County Chapter.

Mrs. Mary Jane Kreiger, of Cleveland, who is 85, takes second place among the oldest Red Cross members in the division, but she still is entitled to the honor of being the first woman past the 80th mile-stone in life to renew her membership for 1921.

Mr. and Mrs. R. S. Quinn will entertain a Thanksgiving and week end family house party, Mr. and Mrs. Ned Ponge and little daughter, Susanne, arrived from Ashville, Ky. Tuesday and will be joined Wednesday by Mr. and Mrs. Robert B. Palmer and son, Richard, Mr. and Mrs. Henri Nonnez (nee Anne Palmer) of Cincinnati, Mr. and Mrs. Walter Meek and daughter, Eleanor, of Denver, Colo. who have been visiting at the Quinn home, will also remain over Sunday.

The business women and girls of Wilmington are fortunate in having exceptionally nice club rooms, the Red Circle Club rooms.

Several weeks ago committees were appointed to oversee the work of renovation and redecorating the club rooms making them better fitted for the social festivities planned for the winter months. The work is almost completed leaving the rooms very attractive and unusually inviting. New window draperies have been purchased and are now at the windows.

The chair cushions and lounge covers have been added to make the rooms attractive. The color emphasized in the draperies and decoration is a golden henna, and vases of bitter sweet berries help to carry out this color scheme.

Young business women of this city have similar club privileges with the addition of many other opportunities in the Young Woman's Christian Association. Each week the advantage of the Y. W. C. A. is more fully realized in the community and its manifold activities are of immense benefit as well as pleasure to the young women of the community.

Mr. and Mrs. Erk Parrett entertained at an enjoyable dinner Sunday, Mr. and Mrs. Lewis Parrett and children, Mr. and Mrs. Jesse S. Blackmore and son Paul.

Monday's meeting of the Mothers' Circle was in the nature of an extremely entertaining Thanksgiving party, with the children honored guests and generous contributors to the program.

Mrs. Ralph Penn extended the hospitality of the Penn home, its spaciousness admirably accommodating both mothers and children, Mrs. Earl Barnett, President conducted a preliminary business session and the members, of 100 per cent strong, warmly endorsed the Red Cross drive.

Mrs. Troy Junk presided during the children's program, opened with a pretty piano solo by Enid McClure.

The children, as captivating and attractive as could be presented the following program, each number delighting the listeners. Recitation Billy McFadden; song, Marshall and Elizabeth Alexander; Recitation, Ada Kathryn Anders; song, Mary Blessing Chapman Recitation, Janet Junk; Recitation, Edgaf Barnett; Nursery Rhymes, Robert Barnett; Paper on "Nature," James Lipsett; Recitation, Jane Lipsett; Song Kathryn Hudson; Recitation, Jean Farquhar; Song, Dorothy Hudson Recitation, Paul Jones; Recitation, Herman Todhunter; Piano, Catherine Snider; Dialogue, Kathleen and Marjorie Penn; Reading, Georgia Prue Chapman; Recitation, Charles Shepard.

Mrs. Myrtle Stearns Farquhar, a charming reader and splendid impersonator, favored the party with a group of readings especially suited to children's tastes, but no less enjoyed by the mothers. Her first number, Eugene Field's "Night Wind," with its clever depicting of the voice of the wind, especially appealed to the children. Her second number "Pecuniary Lullaby"—Inez Parker, in negro dialect, was especially good and the rhythmic child dialect of "Innocence" Edmund Vance Cook, very taking.

At the close of the program the

children reveled in popcorn balls and a good time.

Mrs. G. W. Baker of Broadway gave a beautifully appointed turkey dinner, Sunday, the table effectively decorated with yellow and white chrysanthemums, and the same color scheme carried out in the menu.

Seated with Mrs. Baker and daughter, Miss Charlotte, who was home from Kings Mills for week end were Mr. and Mrs. Floyd Baker, Mr. and Mrs. C. J. Baughn and daughter, Mr. and Mrs. Frank Murray of South Charleston; Mr. and Mrs. W. E. Roderick and children of Jackson; Mr. and Mrs. Damon Baker and children, Mr. William E. Baker, Mr. and Mrs. O. PREPARE FOR A HARD WINTER

You Must Be Physically Fit To Stand Changeable Temperatures.

The breaking down of bodily tissues is the chief cause of disease. After you are once broken in health it takes a long time to get back your strength. It is much better to keep "fit" by taking a good strengthening tonic such as is now prepared under the name of Peptonized Beef with iron.

This is a combination of beef combined with the best known drugs used to produce a healthy appetite, improve digestion and restore lost energy. Ask about it at Haver's Drug Store.

SMALLPOX CLOSES SHADY GROVE SCHOOL

It is declared that there are close to 25 cases in the school district.

It was also announced Tuesday that the Stewart school has been suspended because of the illness of the teacher, Miss Edna Thompson, who is suffering an attack of smallpox.

CORN HUSKERS MUCH IN DEMAND

Corn huskers in Fayette county are very much in demand, and several hundred more than at present available could be used during the next 40 days, and the prices paid for this work are exceptionally good—probably far better than another year will see.

Many of the huskers from the hill counties have returned home, although others are continuing to arrive.

It will be late in the winter before Fayette's corn crop will be husked.

SAYS JAMAICA GINGER HAS A TRIPLE KICK

According to a witness appearing in the case of Ohio against Jules Marlier, whose hearing on a charge of keeping a place was opened in Mayor Dahl's court Tuesday against expunging "Quorum" for a kick that makes ordinary booze turn pale with envy.

"My experience has been that one drink of Jamaica ginger is equal to three drinks of the ordinary whiskey," said the witness.

Jamaica ginger is 93 per cent alcohol.

LONG DISTANCE COMPANY PLACES HEAVIEST POLES

The heaviest poles used in telephone line construction are being installed in this city and county where needed by the American Telephone and Telegraph long distance company.

Workmen have placed one of the big poles at the corner of Main and East streets on the Point Pleasant-Marion line. Much money is being expended on this line in placing it in the finest condition. It is announced by Manager H. E. Conwell, of the local Bell system.

Manager Conwell states that this line is used by his company in the longest long distance calls.

The Point Pleasant-Marion line crosses the Columbus-Cincinnati line of the same company just outside this city on the Jamestown pike. The American Telephone and Telegraph Company keeps a local representative on the job who looks after the lines, but all reconstruction work done is by linemen sent out from the company headquarters.

MUST GET CONSENT OF FARM OWNERS

Some local hunters have been confused as to the extent of their privileges in hunting, some believing that with a hunter's license they could go upon any farm without consent of the owner and hunt all they cared to. But they have another guess coming. It is not required in the law that farmers or landowners post "no hunting" signs or publish notices of that nature as a warning, but it is required that hunters secure permission of these landowners before they enter the property. Violation carries liability of arrest and fine.

The use of ferrets in hunting rabbits will also be watched closely by game wardens from now on. After the first few days, the rabbits run in their holes, and many hunters employ ferrets in chasing them out. The State fish and game laws say: "Unlawful to take a hare or a rabbit with ferret or to have a ferret in positions or under control in any of the fields or forests of the state of Ohio, or while hunting, going hunting, or returning from a hunt. Owners of young fruit orchards may use a ferret to destroy rabbits or hares when doing actual and substantial damage to fruit trees."

LAD SAVED FROM EAGLE'S CLAWS IN EXCITING FIGHT

(By Associated Press)
Glendo, Wyoming, November 22.—It took the combined efforts of the Spaulding family today to save eight-year-old Walter Spaulding from being carried away by a giant eagle at their ranch near here.

When the huge bird attacked Walter he grasped it by the neck and screamed for help. John, his seven year old brother came to the rescue and a third boy ran for help.

Mrs. Spaulding beat off the bird with a stick and the eagle attacked her. She was saved when Mr. Spaulding came to her aid.

ing came with a shotgun and killed the bird. It had a spread of eight feet.

The two boys were severely lacerated by the eagle's claws.

CONCLUDING DAY OF ENROLLMENT DRAWING NEAR

Work of School in Red Cross Roll Call is Outstanding Feature.

Encouraging Reports Begin To Come in From County Schools.

As the final day for the Fourth Roll Call of the Red Cross draws near it is seen by those at the head of the Fayette Chapter that unless extra interest is shown and extra exertion is made on the part of the public that the enrollment will fall far short of the desired attainment.

Yet it is true, it is stated that the bulk of the people have not been reached, and two full days still remain in which last minute enrollments and donations will be brought in.

The American Legion Sunday secured a fair number of memberships but owing to lack of organization the Post was handicapped.

The one bright spot in the enrollment is the work of the schools. Substantial reports from the rural and consolidated schools have begun to come in and Superintendent Nelson was greatly pleased with the showing made this week.

Official announcement was made Tuesday that the grammar department under O. A. Turner at Manara in the Marion township school was the first room in the county to go over the top and win the enrollment banner.

The grammar department of the Wilson school under O. O. Bush has the distinction of winning second place. Other rooms winning banners are Mrs. Martha Minnick Vincent, primary room at the Wilson school; Mr. Hartman at the Chaffin school; Miss Georgia Taylor at the Chaffin school; Mrs. Parrott and Miss Binegar at the Eber school; Mrs. DeWegs and W. W. DeWegs at Milledgeville; Miss Lera Rutledge at the Cisco school.

The city schools are maintaining their rapid pace in winning banners and a score more rooms reported Tuesday that they had finished.

Superintendent McClain estimated that probably 800 memberships had been turned in from the city schools.

TURKEY CONTEST WITH WILMINGTON

Blue and White Boasts Long String of Victories Over Old Rivals

Washington's old but friendly rivals, Wilmington High, will form the opposition on the football field for Washington High School Thursday afternoon in the Thanksgiving and final game of the season.

Season after season Wilmington and Washington get together on the grid-iron and in the last few battles the local team has had the best of the argument in no undecided degree. In the last two games Wilmington has not scored while Washington has totaled 97 points.

In 1918 Washington defeated Wilmington 49 to 0. In 1919 the score was 57 to 0. But the fans predict that Washington will find the game harder this year than for many seasons.

The Wilmington team has a splendid record this year and held Washington to four touchdowns when the two teams met at Wilmington November 6. The score was 28 to 3.

On the other hand Washington is just as determined that the Turkey game will pass into history without the opponents crossing the Blue and White goal line and by their victory over Chillicothe Saturday it was demonstrated that Wilmington will find it troublesome even to score in any manner.

The Fayette County Shipping Association, an auxiliary of the Fayette Farm Bureau, bids fair to become one of the most successful in the country.

It was announced at the Bureau offices Tuesday morning that to date the Association has shipped 47 cars to Pittsburg, Cincinnati, and Wheeling.

Other associations are being organized in adjoining counties along lines similar to the Fayette Association and Madison county. Ross, and Clinton, will soon be operating under the same systems it is declared.

Upon invitation of Madison county stock producers, L. H. Goddard and Frank L. Rothrock, members of the Executive Board of the Fayette County Farm Bureau, met with the Madison county Farm Bureau in London Monday afternoon and assisted in forming a shipping association.

Five men representing the Ross County Farm Bureau were in this city Tuesday afternoon conferring with local shipping association men. They were greatly pleased with the operation of the local association and will mold the Ross County Association in identical form.

Clinton county is preparing to organize within a short time and has conferred with the Fayette association regarding the methods of procedure.

At last! Mars has spoken!

YOUNG HIRAM Jinks.
 HAD TRIED for weeks.
 TO TALK to Mars.
 BY WIRELESS.
 HE'D POUNDED his key.
 CALLING "MARS. Hello, Mars."
 UNTIL HIS right biceps.
 WAS THE village pride.
 HE HARDLY dared to sleep.
 LEST HE miss the call.
 AND SAY! One evening.
 HE GOT an answering buzz.
 "YEP, THIS is Mars."
 AND HIRAM shook all over.
 AND STUTTERED back in Morse.
 "HAVE YOU any word.
 FOR US on Earth?"
 QUICK CAME the answer.
 "YOU CAN tell the world.
 THEY SATISFY!" Then silence.
 HIRAM RAN to the corner store.
 AND SHOUTED in triumph.
 "A MESSAGE from Mars!
 YOU CAN tell the world.
 THEY SATISFY."
 BUT THE village elders.
 MERELY SNORTED "Shucks.
 KNOWN THAT for years."
 WHILE OUT in the army camp.
 THE RADIO man.
 WHO'D BEEN kidding Hiram.
 THREW AWAY his butt.
 AND LAUGHED himself to sleep.
